Dear Dr. Stafford:

Thank you for your letter of February 18, 1999, concerning the status of the request by Dr. Gary Huckleberry and yourself for an ARPA permit to conduct excavations at Columbia Park, Kennewick, Washington.

Your earlier letter of December 23, 1998, cosigned by Dr. Huckleberry, is still being reviewed by our headquarters and other departments of the executive branch. As soon as we have their guidance, you will be informed whether or not your request will be further processed.

Sincerely,

James R. Baker
Acting District Counsel
